

LUCKY FELLOW--Atouski Kameda,--they call him Mike--of Japan, over here for graduate work in architectural design, has the Drs. Hamilton, Gene and Eleanor, as his "American parents" and that is why he is a lucky fellow. The Hamilton family, a large, enterprising and comfortable one, lives on a 200-acre farm off St. Francis Rd., east of Mokena. Mike has been accepted at Illinois Institute of Technology. Housing students from abroad is nothing new to the Hamiltons. And the reason they have been able to find room is that quite a few of the Hamiltons have been away at school. One of the sons, John, a science major, who graduated from Southern Illinois University is in the Peace Corps and now teaching in the university at Addis Ababa, the capitol of Ethiopia. Last year the entire Hamilton family spent three months in the South Pacific and a number of countries in Southeast Asia. (Graphic Newspapers photo)

L-W Varsity Starts With Win

Lincoln-Way varsity football team opened its 1967 season with its usual win over the Lemont Indians.

The score was decisive and one-sided, 34 to 0, and Lincoln-Way fans are looking forward to the beginning of South West Suburban Conference play this week and when the Knights will take on the Bremen Braves at Midlothian.

The Braves also won their opener, downing Tinley Park, 25-6. If Lincoln-Way knocks off the Braves then the other schools in the conference will sit up and take notice.

The Knights have never been a threat in the football title quest but could be that this year will be different. Lincoln-Way has a new coach this year, Bill Vogel, who has had a career as assistant coach on a perennial championship high school team in Ohio.

He does not expect to win a title with Lincoln-Way this year but he and the team figure the Knights will be a factor in the race and rivals who have been counting the game with L-W as a

surefire win could be surprised.

Lincoln-Way didn't show much strength in passing against Lemont, netting only 14 yards via air but on the ground the Knights appeared to have a full fledged tiger in their tank. The Knights gained 415 yards in rushing as compared to 50 for Lemont. The Indians also

gained 67 yards by passing.

The Lincoln-Way Lemont contest was scoreless the first quarter but the Knights collected 13 points in the second period, 14 in the third and seven more in the final quarter. Lemont was inside the Knights 30-yard line on four occasions but couldn't reach the payoff area.

Area Couple Feted At Farewell Party

JAMES PEYTON
Telephone: 532-1516

After many, many months of writing this column it becomes my sad duty to report the departure of one of our finest families. Mr. & Mrs. Leonard Schultz of Ethyl Lane have taken a course in hotel and motel management and are now going to Pasadena, Calif. to give it the old college try. These people, even though they have no children have been involved in every phase of this community government and planning that has helped to make it what it is today. They have served on about every committee and donated to every cause and helped our children as much as anyone could. We are all sad to see them go however we all wish them the best of luck and to show our appreciation we threw a party for them Friday night Sept. 16th where the food and drink was served by their friends and neighbors and a little farewell gift was presented to them. This party was such a surprise that it was almost impossible to believe that this many people could keep a secret so well. We all look forward to hearing from them in the near future and our sad loss will be Pasadena's gain.

-0-

Congratulations to little Julie Horton, daughter of Mr. & Mrs. Ross Horton of Ethyl Lane on her speedy recovery with pneumonia. Sorry we

didn't know about this sooner Julie.

-0-

Also with walking pneumonia was Mr. W. J. Cobb of Lenore Lane and I understand that Jack is a lot better also now.

-0-

In regards to our football teams I understand that they are doing a terrific job and as yet I haven't had an opportunity to see them play however I will be on hand next weekend to help cheer them on. I would also like to congratulate Mr. Richard Mansell the manager for doing the job that he is doing with these boys. Next week I will have some scores and part of the remaining schedule for you so that you may also go out and cheer for our teams.

-0-

I would like to thank Mr. John Evans of Pleasant Ave. for the real fine job he is doing cutting the weeds on the vacant property in the community. This makes our community look 100% better and also helps those of you that have hay-fever or asthma. Even though John gets paid for doing this job it is a tremendous boon to the community to look better and maintain good looks and also has helped in the sale of property in our area. We have only about five homes left to be sold so lets keep up the good work.

Union Dispute Now Before Labor Board

The jurisdictional dispute between the Carpenters and the Teamsters unions that led to a strike at the S & S Sink Top Co. at Frankfort, is now in the hands of the National Labor Relations board. This body is expected, in time, to determine with whom the company will do business.

S & S officials say they signed a contract with the Carpenters several months ago which covered all employees, including the truck drivers.

The drivers, however, indicated they wanted to affiliate with the Teamsters and last week went on strike.

Here's Chance To Catch Up On Zip Code

Next week is dedicated to the U.S. Postal Service and special emphasis will be placed on the Zip Code.

Use of the Zip Code is mandatory in mailing the various kinds of publications but as yet it is still voluntary as far as individuals are concerned.

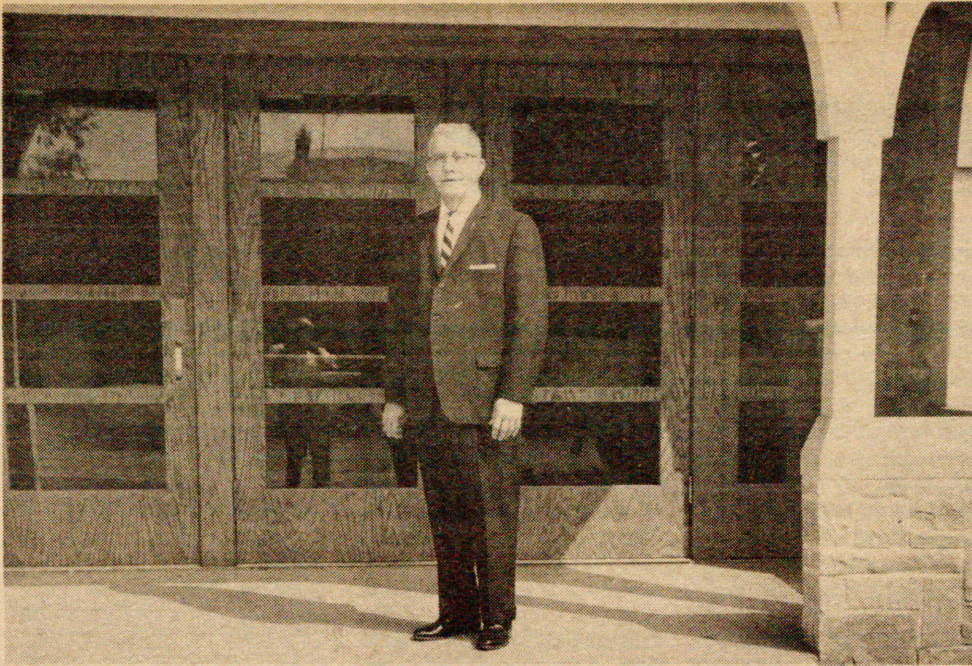

The Postal Service is endeavoring to get everyone to make use of the code and to that end will pass out cards to all households next week, asking that they be filled out and sent in to postal authorities. The cards are a request for the Zip Code of persons to whom they send mail but lack the code.

It is said that in time the Postal Service will have machines that will read numbers and that is the reason for the Zip Code.

A teamster's local from Chicago sent out people to man the picket line and the Carpenters were preparing to send out some of their people when it was finally agreed to let the national labor board handle the business.

There was some little display of temper here and there before the thing was called off and the drivers returned to their jobs. It was reported that a few rocks were tossed and some windshields and headlight glass shattered.

The firm was working normally again last Thursday.

AT ENTRANCE to new addition to Trinity Lutheran Church on N. Cedar Rd., New Lenox, is the Rev. Leonard Reinke, pastor. This houses the Sunday School. It also has a large room that can be used as a gymnasium, meeting hall, or banquet room. Eventually it will be extended and contain a stage. The new building is to be dedicated Sunday.

Sandburg Gridders Win: Stagg Loses

Sandburg High School varsity football team edged Joliet Central 7 to 6 in a game at Joliet last Friday night. On the same date Lockport West blasted Stagg 40-0.

The Eagle-Central tilt was a hard fought affair that went scoreless until the final quarter. Sandburg scored early in the fourth period when Aronson went over for the touchdown the point after was good.

A few minutes later Joliet's Mike O'Brien hung onto a 10-yard pass in the end zone but when Central tried to pass for the bonus point it was batted down.

Walter Dahlke, Arbury Hills, Dies Suddenly

Walter Dahlke, 53, of 9424 Willow Lane, Arbury Hills, died Monday, Sept. 18 at Silver Cross Hospital, Joliet, following a sudden illness.

Surviving are his wife, the former Margaret Lauffer; a daughter, Gloria; a son, Ralph, Arbury Hills, and a sister, Mrs. Irene Pflanc, of Homewood.

The body was taken to the Hirsch Chapel at Tinley Park from where it will be brought to Immanuel Lutheran Church, Mokena this afternoon for funeral services at 1:30 o'clock with the Rev. Edgar Pflug officiating. Interment will be in Evergreen Cemetery, Evergreen Park.

The Eagles were knocking at the door just before the first half ended. It was third down and the ball was on the 5-yard line. Alex Hamilton, of Joliet, crashed thru to dump Sandburg quarterback, Delille Pettite for a fiveyard loss. With nine seconds left on the clock Sandburg tried a field goal but missed.

That Pettite is a scrambler and the reason that Sandburg was down at the Joliet goal just before the half ended was a 56-yard scramble by the boy.

Sandburg piles up 13 first downs to seven for Joliet and 183 yards by rushing compared to 46 for Central. Sandburg was limited to 22 yards on passing while Joliet gained 88 in that manner.

In the Stagg - Lockport West game Lockport jumped into an early lead, racking up 21 points in the first quarter and six more in the second.

Manhattan School New EDC Member

The Educational Development Cooperative (EDC), formerly the South Cook County Educational Development Cooperative, officially admitted Manhattan Elementary School District 114

in Will County to membership during the organization's Senate meeting in August. Senate action ratified earlier action taken by the EDC Executive Board.

Manhattan thus becomes the second Will County school district to become affiliated with EDC. Its associated high school district, Lincoln - Way Community High School District 210, was admitted to membership earlier this year.

A relatively small but growing district, Manhattan currently has an enrollment of about 325 students. It serves the municipality and township of Manhattan and a small portion of Jackson township.

The majority of Manhattan's graduating students go on to Lincoln-Way except those from Jackson township who are in the Joliet system, according to Superintendent Anthony J. Pleviak.

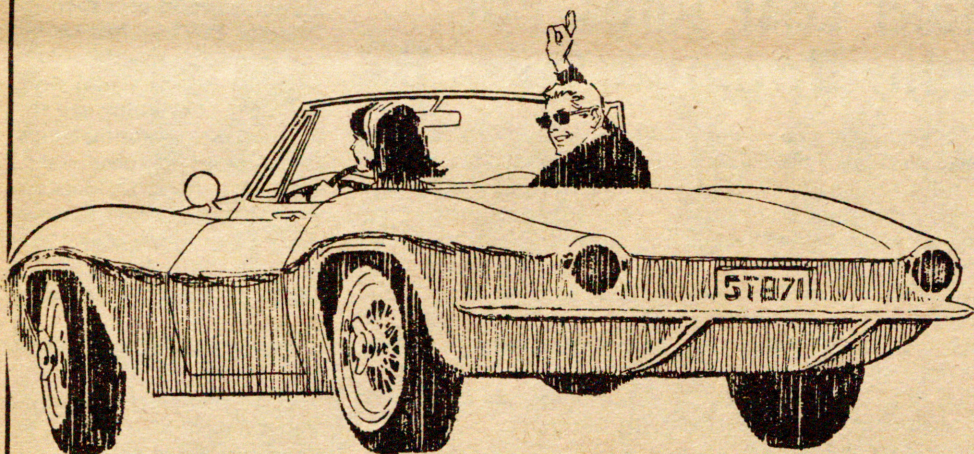

Commenting on Manhattan's decision to become associated with EDC, Pleviak said:

"One of the services offered through EDC that our district particularly appreciates is being informed on all current legislation affecting education.

"We are also tremendously impressed with the future possibilities offered thru EDC in the areas of curriculum, teacher recruitment, trends in education, salaries, etc., to name a few."

Open Letter from the HIRSCHS'

Dear friends,

Our religious practice is to honor but not to worship the human body. We use the custom of viewing the deceased to offer relatives and friends a last look at the face of the departed - to confirm the reality of death for the bereaved - and to focus the need for continuing concern by relatives and friends for the welfare of the bereaved family.

Respectfully,

Carl Hirsch

312-349-0990 OR GA. 4-4155

The members of the committee would like to put out a plea for more helpers for these two projects also. To be easily successful, these fund raising projects should have a large number of workers, so that the burden of time will not go on the same few who always help. Any volunteers should also contact either Mrs. Jaeger or Mrs. Farnham at the above given numbers.

The school district is now finally receiving the increase in the Educational Tax levy voted in by the residents of District #161 at the election held in September of 1966. Tax monies are always one year in arrears, since the 1966 taxes are not assessed until 1967.

The school district is also receiving the benefits of a change in the per capita pupil state aid payments. The increase signed by Governor Kerner following this year's bill through the state congress will realize an additional \$11,000 per year for the school. The tax increase will amount to approximately \$8,000 per year.

This additional \$19,000 per year comes at a most needed time. In order to strengthen the school curriculum, the school has joined the Lincoln-Way area Educational Cooperative. This program takes care of the special education program for the school district. The costs for one year will run:

\$3 per school child attending the school; \$1.75 per child using the service for transportation. These two figures are on a daily basis. There is also a charge of \$500 per child enrolled in the program. These charges for special education are comparing favorably with regular education.

In addition to the hiring of one more teacher there is also a modification in the salary schedule for the 1967-68 term with all teachers receiving a salary increase, and the starting salary being raised to \$5,600 per year. This figure is in accordance with the state edict for teachers salaries. There will also be no new teachers hired without a Bachelor's Degree.

This being a fast moving world, there was a need for some new books and equipment. There is a new social studies curriculum for the sixth and seventh grades. The reading program is in full force for all grades, kindergarten through eighth grades.

It was very fortunate for the district that the increase of monies was forthcoming at this time, since without them the district would have been in dire straits.

The district has had to issue anticipation warrants each year with the amount ranging from \$15,000 to \$30,000 each year. In the past year there was a complete inventory of the material assets of the school

which enabled the school to save several thousand dollars through the cooperation of the faculty by sharing materials whenever possible. The district had to anticipate \$25,000, instead of the \$33,000 expected.

Anticipation warrants must be paid first before any other bills are paid, as soon as the tax money is available. The school budget for 1967-68 is estimated at \$162,000. School fees bring in \$4,000, all forms of school taxes bring in an additional \$50,000, and the difference must be made up through state aid and anticipation warrants.

Your faculty is attempting to operate at 100% efficiency to get the most from your tax dollar. The \$25,000 borrowed was used to pay necessary expenses with some of the funds being held over into this year's funds. The money saved did not in any way represent a sacrifice in education, only a more efficient use of materials on hand.

The Boy Scouts will hold their weekly meetings at the home of the Scoutmaster, Mr. Joe Arcuri, on Wednesday evenings, beginning at 7:00 p.m. Any boy within the school district is eligible to join from age eleven through seventeen.

The Troop will participate in the district jamboree at the new Boy Scout Camp at Morris, Ill. which is to be held over the Sept. 31 weekend.

The Cadettes Troop is

planning a trip out to see their adopted Grandmother at the Salem Home in Joliet on Sept. 23. The troop has been making these excursions for several years.

This Saturday is the D-Day for the Candlelight Bowling Party at Art's Amusement Center in Harvey. At this writing there were still a few tickets available, and may be obtained from any of the managers of the teams for this year and the officers.

The cost of the evening will be \$3.50 per person and

Marley

Set Oct. 10 As Date For Aiding TB Association

MRS. VIRGINIA SASS
Telephone: 485-6424
The new season of the Marley Woman's Club opened with a luncheon at the home of the new presi-

dent, Mrs. John Hasibar on Sept. 14. Mrs. Harold Mohney was the assisting hostess. A slide presentation, "America, The Beautiful" from the Will-South Cook

Soil and Water Conservation District, was given by Mrs. Loren Sass. These colored slides representing each State plus Puerto Rico and the Virgin Islands, showed that as landowners establish sound conservation measures, the beauty of the countryside is enhanced.

The date of Tuesday, Oct. 10, was set to stuff envelopes with Christmas seals for the TB Association in Joliet. New chairmen appointed were Mrs. John Riley, Christmas Gifts for Patients at the TB Sanatorium; Mrs. Loren Sass, Servicemen and Mrs. Charles Elliott, Christmas Dinner Meeting.

Reports were heard from the standing committee chairmen: Mrs. Charles Greetis, Good Cheer; Mrs. Clyde Flake, Secret Pal; Mrs. William Schwab, Legislation; and Mrs. William Dudlcek, Garden.

Mrs. Harry Scheller was welcomed as a new member. The October meeting

will be held at the home of Mrs. Elliott, with Mrs. Greetis as co-hostess.

-o-

Mr. and Mrs. Clare Berg have returned from a vacation spent in Wisconsin.

-o-

Mrs. Lawrence Axelson, wife of the minister of the Ottawa Methodist Church in Joliet, spoke on Warner Sallman, artist, at the meeting of the Marley Missionary Society, Sept. 13 in the Marley Community Church. Mrs. Axelson showed several of Mr. Sallman's paintings, including his famous "Head of Christ", as she related accounts of his life and ministry.

Final preparations were made for the annual Bazaar and Supper to be served in the Marley Church, Sept. 28. The Bazaar booths will offer home-made bakery, candy, jams, jellies, garden produce, fancy work, aprons, and rugs. A gum-ball tree will provide surprises for the children. Serving will be

at 5:00, 6:00 and 7:00 p.m. All tickets are being sold in advance. Phone: Mrs. Loren Sass, 485-6424; Mrs. Fran-

cis Peterson, 485-6559; Mrs. Beatrice Coe, 485-8805 or Mrs. Victor Zalusky, 485-8460.

Vacation Time Is Tune-Up Time

Car care after the vacation is every bit as important as preparations for the cross-country journey, the Chicago Motor Club - AAA advises.

And with children going back to school at this time of year, there is another reason for working over the old family bus -- the car pool.

Here are some check points to put your car in shape for city driving after the long haul of vacations:

--The tires. If you have covered far distances on your vacation, tires may have to be changed or at least rotated. This also gives your mechanic a chance to check tire balance and wheel alignment.

--The oil. After a long trip, change it.

--The differential. Have your mechanic check the grease. On sustained highway driving it has a tendency to foam, building up pressure which may force it out around the gasket.

Make the same check on power steering and brakes.

--The car's surface. Wash it thoroughly, especially if your trip has taken you to beach areas. Salt and sand can damage the finish.

Now, as for readying your family bus to cart the kids to school, the Chicago Motor Club suggests these check points:

--Get an engine tune up. With horns blowing, mothers all headed in the same direction, double parking and triple parking, you don't want to suffer the wrath of others if your car should stall and further block traffic.

--See that your lights work: headlights, taillights, brake lights and backup lights.

--Make certain your windshield wipers and defogging equipment are in order for that first steaming ride in the rain.

These simple precautions now can make you a happier motorist, confident in your car.

Permanent-press? Keep it in shape with the gentle, radiant heat of a modern electric dryer.

Fabulous fabrics. Wash-and-wear. Permanent-press. That's the way styles shape up today.

But if you're going to wear the latest, shouldn't you have the most modern kind of clothes-dryer, too? One that's equipped to handle even the newest wrinkle in fashion?

You bet. And that one's the electric dryer.

Electric dryers surround clothes with gentle, radiant heat—the same kind you

get from the sun. Except that you control it, to get the amount of heat you need. No hot spots, no harsh overdrying, no fumes, no grayed whites or faded colors.

Best of all, electric dryers are designed to dry at the temperature manufacturers recommend for best results with wash-and-wear and permanent-press.

So whatever shape your laundry's in, keep it that way—electrically.
